# Tomáš Kelnar

*Bachelor Student of Mathematical Modeling*

*Hornychovice 1059*
*Štramberk, 742 66*
*Czechia*
*+420 605 061 013*
*tomkelnar13@gmail.com*
*tomas-kelnar*

## Experience

2026–Present **Student Grant (SFG) Researcher**, *Charles University*, Prague, CZ
Developing a Python-based numerical simulation to model the surface temperature and thermal dynamics of Jupiter's moon Europa's ice shell. Supervised by doc. RNDr. Marie Běhounková

## Education

2024–present **BSc. in Mathematical Modeling**, *Charles University*, Faculty of Mathematics and Physics, Prague, CZ

2016–2024 **Secondary Education**, *Gymnázium a Střední prumyslová škola elektrotechniky a informatiky*, Frenštát pod Radhoštěm, CZ

## Skills

Languages Python, Wolfram Mathematica, Matlab
Other Excel, LaTeX

## Languages

Czech Native
English Fluent - C1
German Intermediate - B2

## Interests

Trail running and long hikes
